Psychoanalytic Ideas Series

A book in the Psychoanalytic Ideas Series, the Psychoanalytic Therapy of Severe Disturbance comprises of the proceedings of the conference of the same name held in Belfast in June 2008. The aim of the conference was to offer a state of the art communication on the key psychoanalytic thinking and approaches to the conceptualisation and treatment of severe disturbance. The result of a unique gathering of the most eminent psychoanalysts in the field with insights into their work on personality disorder, psychotic states and the nature and function of suicidal ideation. This book will be of interest to mental health professionals - psychiatrists, psychoanalysts, psychotherapists, psychologists, social workers and nurses who have an interest in psychoanalysis and psychotherapy.
